President Trump's Visit to Sheffer Corporation

Interesting news out of Ohio! In February, CEBI member, Jeff Norris, CEO of Sheffer Corporation, met with President Trump, where he toured the plant on the heels of his new Tax Reform Bill.

The Sheffer Corporation gave \$1,000 to all 126 employees along with the ability to reinvest in new machinery at both Sheffer Manufacturing facilities (Cincinnati & Atlanta). After the tour, President Trump spoke on the benefits of the new tax reforms.
