## NOVEMBER 2019

### RECAP of CEBI Fall Summit

CHEERS! If you couldn't make it to the Fall Summit, we missed you. It was a superb gathering of the minds on topics such as developing and implementing a leadership culture, learning to lead millennials, and 2 Second Lean. Thanks to our presenters, Nancy Eichstadt, Doug Morris, Tim Gase and Doug Shull. Our keynote speaker, Rick Crossland, thoroughly engaged our members with his presentation on The "A" Player Advantage. He shared real life examples of what business leaders can do to attract and keep high performing "A" players and what to do about those that are not engaging at expected levels.
